Page 92. Replace the axiom of foundation with

$\forall x\,(x \neq \emptyset \rightarrow \exists y\,(y \in x \wedge x \cap y = \emptyset))$.

Page 105, Exercise 5.2. In the exercise statement, replace "$b \in N$" with "$b \in \mathbb{N}$".

Page 192. In the example before Exercise 7.51 replace in both pictures of the sets X and Y the leftmost 1 with 0.

Page 193. In the line after the definition of initial segments replace "$\mathrm{Seg}_X(2\frac{1}{2})$" with "$\mathrm{Seg}_X(1\frac{1}{2})$".

Page 215, Exercise 8.15. In the last line of the solution of the exercise replace "ordinals" with "well-ordered sets".
